Homework Rules of the Game:

Good homework habits constitute a portion of what will be graded for this course. For the standard formatting for homework encouraged by the Mathematics Department, see

http://www.math.hmc.edu/~orrison/teaching/homework/

Be aware that homework that is not presented legibly in the standard format may be returned ungraded, at the discretion of the grader.

Homework placed in my letterbox or by my office door during or after the class hour will be considered late and subject to loss of credit.

-M. Raugh
